

## Classroom Assessment Scoring System® Regional Trainings for Trainers and Coaches

First 5 California (F5CA) will offer no-cost Classroom Assessment Scoring System® (CLASS®) training for coaches and trainers at regional locations between February and May 2016. F5CA is offering these trainings to help First 5 IMPACT consortia build local capacity to provide evidence-based training and coaching that improves classroom interactions.

Please review the attached training information and discuss your county's CLASS needs with your consortium partners. Note the training prerequisites to ensure your participants are eligible to attend specific trainings.

Keep in mind the trainings are intended to support all First 5 IMPACT consortia statewide. On average, each training can accommodate one or two participants per county as indicated in the table below, with potentially more if some counties choose not to use their allocated training spaces or have a large number of participating sites.

Types of Training Offered Regionally	Maximum Participants Per Training	Participants per County
Making the Most of Classroom Interactions (MMCI) Instructor Training	10	1
Instructional Support Strategies	25	2
Feedback Strategies	25	2
Pre-K or Toddler CLASS Affiliate Trainer Certification	12	1
Infant CLASS Observer Training	15	1
Infant CLASS Affiliate Trainer Certification	10	1

If you are interested in having someone attend training but do not have anyone who meets the training prerequisites, please send an e-mail to [training&cqi@ccfc.ca.gov](mailto:training&cqi@ccfc.ca.gov) to request Toddler or Pre-K CLASS observer training in your area.
